Specifications

Introducing the Expandable Trailer – your movable space that can be picked up by any truck. Raised above ground level and accessible by stairs and the retractable rear platform, the Expandable Trailer is a striking design that unites attractiveness and usability.

With its 62 square meters of surface area and easy access, the Expandable Trailer offers space and flexibility without compromising on ease of use. Every Expandable unit is easy to operate and can be set up by any one person in just 15 minutes. It is fully customizable and ensures a short delivery time by using modular elements.
