# SPONSOR

Want to be part of something people won't scroll past?

Blind Faith is a live, interactive comedy dating experience launching April 18 in Orange County. It's a night built around laughter, unpredictable moments, crowd reactions, and maybe, just maybe, someone finding love. ❤️

We're bringing together an engaged, socially active crowd for a one-of-a-kind live experience that blends comedy, connection, and real human interaction.

We're inviting a limited number of brands to align with our inaugural show and gain live + digital exposure through a one-of-a-kind entertainment experience.

We are personally inviting select SoCal creators and influencers to attend and capture the night – amplifying brand visibility beyond the room.

This isn't just logo placement.

- It's visibility.
- It's reach.
- It's energy.
- It's expansion.

We're offering a limited number of partnership spots for businesses who want to support something fresh, while expanding their brand presence in front of an engaged, socially active audience.
