*2010-Present, Owner and Founder of JMJ Consulting Solutions LLC

*2009-Present, Founder, Suncoast Catholic Ministries LLC (Tampa Bay Annual Men's Conference)

PRESENTATIONS:

How to Save a Life

(This talk is meant to help you save an unborn baby's life)

This powerful documentary traces the emotional journey of two university students confronted with a life-changing decision after a positive pregnancy test. Surrounded by expectations to put their futures first, they find themselves at a crossroads. Everything shifts when they hear a speaker share a deeply personal story of lost fatherhood and the transformative power of God's unconditional love and mercy. Moved by his testimony, the couple's path takes on new meaning—becoming a story of faith, sacrifice, and hope. Ultimately, their experience offers an inspiring message to younger generations about the profound beauty found in choosing life.

My Abortion Healing Story

(This talk is meant to provide post-abortion healing)

Jeff shares a deeply personal story of brokenness and healing—a testimony of God's unfathomable mercy. Much like the story of King David, Jeff's life was marked by the consequences of sexual sin, leading to profound loss. While still in high school, a life conceived in the womb was ended for two hundred dollars, a decision that would leave lasting wounds on his heart. Journey with Jeff into that pain and encounter the God of mercy who meets us even in our darkest moments. Through his process of healing, Jeff discovers redemption, restoration, and an unexpected relationship with his son, Jonathan.

Mercy Mercy Me

(This talk is meant to speak to the often-overlooked immensity of God's Mercy)

After spending the last four to five years traveling across the country and sharing his story, Jeff has come to realize he is far from alone in running from God's mercy. Along the way, he has encountered countless individuals who, once given the simple permission to share their pain, have stepped out of the darkness of their past and into healing.

Through these powerful and deeply human stories, Jeff invites audiences on a transformative journey—one that challenges them to confront their own struggles and see grace in a new light. His message is both moving and unforgettable, leaving listeners forever changed and unable to hear the words of the "Our Father" in the same way again.

Prodigal Son Journey

(This talk is meant to speak to the issue of addictions and God's Healing)

Jeff shares his story of his youth filled with alcohol, drugs and pornography which led to the decision to take the life of his unborn son in the womb of his girlfriend at 17 years old. The "Prodigal Son" story does not end there, however, but takes you through his conversion story and the resultant life in Christ which gives glory to God for His great mercy.

For The Love of Money

(This talk is meant to unpack the Root of All Evil)

This talk walks through the concept of using Charity as the antidote to the deadly sin of Greed in our lives. Through biblical and real life examples, Jeff unpacks the meaning of the words "It is more blessed to give than to receive" Acts 20:35. Using examples of charity employed by his business JMJ Site Development, Jeff explains how he has minimized his insatiable desire for success in life by focusing on the needs of others and serving those most in need.

Success versus Significance

(This talk is meant to define success in the life of a Christian)

The world tells us that monetary success and power is the ultimate goal, but the Bible tells us something completely different. During this talk, Jeff walks through the proper Christian perspective on building eulogy virtues instead of resume virtues and gives real life examples of how success is not what you achieve in life, but what you inspire others to do.

Jeff Joaquin is a dynamic speaker dedicated to sharing the message of God's infinite mercy at work in our lives. He has addressed a wide range of topics, including the pro-life movement, abortion healing, substance abuse, business success and failure, and charitable outreach. Jeff has spoken to high school and college students, as well as audiences at men's and women's conferences, retreats, and galas across North America.

His powerful testimony on abortion healing has received international recognition and became the focus of the documentary *Saving a Miracle*, which has aired on EWTN and other media outlets worldwide. He later released a second documentary, *How to Save a Life*, which tells the story of two University of Tampa students who were considering abortion but encountered a life-changing message of hope and post-abortive healing after attending a chapel presentation where Jeff shared his story.

In recent years, Jeff has witnessed God save four unborn children and has worked closely with their parents to highlight the critical role men play in supporting their partners and standing against a culture that devalues life. He brings much-needed attention to the often-overlooked male experience of abortion, speaking candidly about the profound wounds and lasting guilt many men carry. Through his honesty and compassion, Jeff offers both men and women a path toward healing and encourages life-affirming choices in the face of unexpected pregnancies.

Jeff and his wife, Sandy, have lived in Tampa, Florida, for over 30 years and are the proud parents of their daughter, Faith.
