

Equality

Respect for everyone!

We believe everyone is equal

Everyone deserves respect whatever their age, colour, national origin, religion or beliefs. We also believe you are equal whether you are male or female, gay or straight, if you have a disability and whatever your past may be.

At Apricot Online, we do our best to make sure that working online with us is a safe and secure place for everyone.

We do not put up with unfair treatment or bullying of any kind. We know that people have different needs and that treating people equally does not always involve treating them all the same. When people face particular difficulties, they need extra support to help them achieve success and we try to do this for each of our students as individuals.

Each of you is unique and we need to help each of you in different ways for you to reach your full potential.

We also try to make sure that you, as students, are consulted and involved in our decisions; for example, through talking to you and your parents/carers and our feedback forms.

If you would like to contact someone directly with ideas about equality, or what we can do to improve on this or any other area, please call us on 01242 604985 or email our Head of Teaching and Learning at clair@apricotlearningonline.co.uk.
