

SCHOOL CHARTER

AIM

The Charter sets out the main expectations of parents and carers, students and the school in ensuring a positive learning environment for all. The spirit of this policy is that, if all parties actively contribute together, the student learning experience will be optimized and the opportunity for each learner to make strong progress in their education will be maximized. Full school attendance, completion of assignments, quizzes and formal assessments and participation in school activities are pre-requisites of good student outcomes. We are committed to increasing student performance, engagement and providing high quality teaching provision to ensure that all students achieve good results in examinations to allow them to leave our school and go on to higher education or to work.

Related Policies include: Teaching and Learning Policy, Curriculum and Assessment Policy, Behaviour and Attendance Policy, Exclusions Policy, E-Safety Policy and Safeguarding Policy

	Clients/Parents We will:	Student -our Code of Conduct I will:	School We will:
