

Equality

Respect for everyone!

We believe everyone should be treated fairly and with respect

At Apricot, everyone is welcome.

We respect people whatever their age, disability, race, nationality, religion or beliefs, sex, sexual orientation, gender identity or background.

We do not accept discrimination, bullying, harassment or unfair treatment.

We understand that **fair does not always mean everyone being treated exactly the same.**

Everyone has different strengths, needs and circumstances. Some students may need additional help, different ways of learning or reasonable adjustments so that they have the same opportunity to take part and succeed.

You are an individual.

We will work with you to understand what helps you learn, feel safe and achieve your potential.

Your voice matters too.

We want students to be involved in decisions that affect them. We will listen to your views through conversations, feedback and reviews, and where appropriate we will also work with your parent/carer and the school or local authority responsible for your placement.

Something doesn't feel fair?

If you think you or somebody else has been treated unfairly, discriminated against or bullied, **please tell us.**

You can talk to your teacher or another member of Apricot staff you trust.

You can also contact **Apricot HQ: 01242 604985**
