

June 2025

Wings of Healing *Amanda Samrani*

You've Done it Again! God's Done it Again!

Today is a busy and very noisy day at the WoH Family Farm. The dogs aren't happy and are staying in the kitchen because the sounds are too loud.

To me, it is a beautiful noise: the sound of a drilling rig grinding through rock. The water is somewhere around 60 meters deep. The first few pipes went quickly through various soils, but now the rig is shaking as it goes through rock. What a powerful machine to do this work.

I have now been a Christian 22 years and a missionary 14 of those years. I am so sure of one thing, "He alone is my Rock and my Salvation, my Refuge; I will not be shaken." (Psalms 62:6) Yes, I have friends, prayer warriors, pastors, a sending organization, and family members that all speak into my life, but when it comes down to it, only my Lord can truly hold me steady. There have been many times I have felt like I couldn't go on, but then I seek Him, my Lord renews me, and I find strength to go on. Thank you, Lord, for giving me the great purpose in my life of raising orphans.

Just last week I took eight of my kids back to school. Juru and Simon's daughter came to live with us so Juru could be in boarding school the rest of the school year. There's always room for 1 more! We now have seven people at home when the kids are away. I still need to find the money for four more children to get back in school and then we will be settled at home for three months.

The farm is green and everything is growing. We are planting more bananas from the suckers (small babies). Wheelbarrows full of manure from our neighbor's cows are being spread. We are weeding the peanuts. There is always much work to be done.

In just 21 days, I fly to the US for the every 5 years' Summit hosted by Cornerstone International for their missionaries. I have already signed up for a Ladies' Tea and a back adjustment. There are many opportunities to be pampered along with times of worship, prayer, fellowship, and teaching. I so look forward to this needed refreshment.

I will be in Spokane from June 23 – July 3 for a short visit. I will get my yearly doctor's appointment at the VA and visit a few of you and one of my supporting churches before rushing off. I am returning to the States November 13 – December 6 with a quick trip to Texas to see my dad, who is almost 90 years old and still getting on the roof to fix things.

Get in touch with me by text message at 509-641-2376 if you want to meet up during either visit. I do have two Sundays (November 16 and 30) available to speak. Just let me know.

As I finish this newsletter, the day is over and we have a 60 meter well that is capped. Next week, they will come for pumping and water quality testing. Then we will know what horsepower solar pump we need. I will send updates later, but the estimate is around \$3000 to complete everything and begin pumping clean water.

"Whoever believes in Me, as Scripture has said, rivers of living water will flow from within them." (John

7:38) God did this for me when I believed, so it is always my goal to see others receive Living Water as we help them to receive clean water.

Pray for me as I visit my family in June and attend the Cornerstone International Summit in July that I will be refreshed and more prepared to love others into the Kingdom of God!

We are also hosting a three-day training for 25 villagers in cooperation with Beyond Borders Ministry. Participants will be taught beekeeping for income generation and nutritional support for their families during June 11-13. Please pray that lives with be changed.

In His Hands,

Amanda Samrani
