Merry Christmas!

WE ARE REMINDED

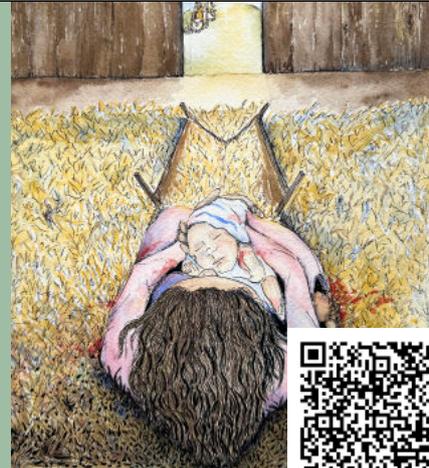

He Does the Miracles!

This time of year, we all focus on the biggest miracle ever shown; when God sent Himself as a ransom in the tiniest, yet most powerful of packages, in the painful and bloody arrival of a birth. This same God continues to work in miraculous ways, and this year He has revealed, reminded, and refocused our eyes to see His power and miracles all around us.

Just this morning, we were reminded of His power and protection as a large tree fell due to heavy winds in the night. The timing - perfect. Our car had been parked in a safe space; the girls, who are constantly circling the yard on bike brigade, were safely tucked in their beds.

He did the miracle.

Manuel's Miracle

FROM LIFELESS TO FULL OF PURPOSE - CALLED TO PREACH

On a recent visit with our wheelchair-bound friend Manuel, we were reminded of how God speaks clearly and doesn't NEED anyone to share the gospel message, although He chooses to use the body to encourage one another in maturity and remind us of His love.

Manuel shared with us his testimony of how, being bedridden for six years after receiving a bullet to the spine, God spoke hope into His pain and reminded him of His presence.

He spoke of the power of prayer, which encouraged his soul, and the Holy Spirit's presence, which gave him a second chance at life. God has called him to preach; another miracle is near. Pray for God to reveal to Manuel, Noé and others a way to make this a reality.

Vision for 2026

We are thrilled for the girls to begin school at CEIVA and have the opportunity to study with a small group of children. Haddie will begin first grade in the new year and Alizah will enter Kindergarten. And, I, Kathlyn am excited to teach art!

Through growing our art camp programs, partnering with local ministries and churches, we aim to empower others to share the gospel through art - mentoring the next generation to grow our reach and depth of impact.

Celebrating the Miracle which has made way for all of the rest.

Merry Christmas,

*Noé, Kathlyn,
Hadassah & Alizah Chan*

We look forward to many more opportunities to tell of God's love and remind people of their identity in Christ through Art, PT projects, and multi-generational community building.

DISCIPLESHIP OPPORTUNITIES

Since our move God has been nudging Noé to take advantage of this opportunity to be equipped for whatever the next mission is that He may have for us and to step into discipleship of our art camp volunteers with more preparation and tools. We are excited for the gift of more time that allows him to prepare and spend more time studying scripture and grateful for His provision of opportunities to dig deeper.

We thank God that He chooses others to walk this journey with us. Each one of you encourages us in unique ways. If He is prompting you to join us, would you pray about being a monthly ministry partner?

To reach our funding goal we are relying on a **total of \$950** in monthly commitments.

(6) people to commit to \$50/month, **(4)** people at \$100/month, and **(2)** people at \$150/month.

Our family is committed to relational ministry both on the field and with our partners. We want to hear how He is at work in your lives as well as pray for you intentionally!

Would you pray about joining us in sharing Jesus in Guatemala?
