

November Update

# The Walter Family • *Bangkok, Thailand*

## *Thank You*

This is our first newsletter and we wanted to start off with a HUGE Thank you for supporting us and making it possible for us to return to Thailand as missionaries once again! We could not be doing this without you. We are humbled by your sacrifice and investment in us and the people of Thailand. There is a famous quote by a missionary named William Carey who served in India for 41 years. He was talking with his good friend Andrew Fuller and said, "I will go down into the pit if you will hold the rope." Andrew became Williams greatest supporter and encourager throughout his time in India. We feel the same about you! Thank you for holding the rope so that we can go and make disciples in a dark land.

In June, we were able to start our journey by attending Cornerstone International's two-week training. It was a great time of connecting with the staff of CI as well as other missionaries being sent out. Hearing everyone's story of how God had called them to different countries helped us see again God's heart for all nations.

## *Our Current Timeline*

I am still working part-time with our church, All Nations Christian Fellowship, and focusing on support raising the remainder of the time. One of the things I have enjoyed the most about support raising is watching how God has opened opportunities for me to reconnect with many of you after a long period of time. It has been such a joy to see how God is working in each of your lives! I have been so encouraged by your faith and the way you are living out your lives for God. As a pastor, I know that many people did not return to church after the pandemic, but each of you has. That is a testimony to your love and faith in God.

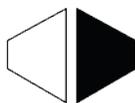

The support raising process is taking a little longer than we originally thought. We are seeing God work each week and have reached around 50% of our final goal. It has been encouraging to us to see that through this process, God is increasing our faith and trust in Him both for our support and also for the right timing. We are not discouraged but rather have come to a place of surrendering all of this to the Lord and trusting in His provision and timing. Currently, our goal is to try to be fully funded by the end of December and then leave for Thailand the end of January. If we do not meet this goal, we will move it back one more month.

## *Prayer Requests*

1. Pray that we can be fully funded by the end of December.
2. Pray that we can finish off our ministry with our church, ANCF, in a faithful and healthy way.
3. Pray that we can entrust all our relationships, especially family members, to God knowing that He will meet everyone's needs.
