

The Trackless Sea

Abby Geleta

Greetings, dear friends!

We pray that “the peace of God, which surpasses all understanding, will guard your hearts and your minds in Christ Jesus” (Philippians 4:7). Peace is not always easy to come by in the midst of an uncertain and broken world, but we are learning more about peace that passes understanding day by day living here in Kenya. Praise God that we are all resting in the hands of the One who sovereignly holds the world together.

A Growing Church

SGC Nairobi continues to grow and flourish as the months go by. We just had our second baptism/membership service, where eight people were baptized, and 11 new people joined the church. We are thrilled to have these precious people join our community of imperfect people who are seeking to know Jesus more day by day.

As a church, we have started two community groups so far, and are hoping to add more later this year. This has been a sweet time of deeply getting to know each other, even as the church grows bigger, and we have space to pray with and encourage one another.

Young Adults' Ministry

Another brand new addition to our church is our SGC Young Adults' Ministry! Bereket and I have had this on our hearts for some time now, and we began monthly meetings at our home in March. Not only are we having a blast together (think 20+ young people crammed into our tiny apartment playing crazy games), but also having a sweet time of discipleship and growth together. We started a book study called *The Gospel Centered Life*, and our time together is focused on cultivating lives that are shaped by the gospel in every area, not only on Sunday mornings. We are already seeing some wonderful friendships forming out of this group. Please pray that God continues to give us wisdom and grows this group (even from our evangelism ministry!) with more young people, love, and unity.

Visas & Personal

While our ministry is really thriving in this season, there are several areas of personal life that remain quite uncertain for us. Bereket's pending US visa seems to be a constant source of uncertainty for us. At one point, we believed it would be finished by the beginning of 2025, but now, with so many roadblocks and new regulations, the end of the process seems still far and indefinite. While we love what God is doing here, the in-between of waiting can be a heavy weight to carry, along with separation from my family.

Another thing is that our precious daughter just turned two. We would love to grow our family sometime soon, but I (Abby) am dealing with some health issues that are slowing down our plans a bit. Please pray for peace and guidance for us as we continue to wait for these things.

We pray that the God of all peace would be close to you in whatever season you are walking through. Through the highs and lows of this life, He is faithful.

Thank you always for your prayers and support,

Abby, Bereket, & Eellana
