

STARTING JANUARY 1, 2027
.....

Optum Rx will manage your pharmacy benefits

WHAT'S CHANGING?

New pharmacy benefits manager: Optum Rx | Effective date: January 1, 2027

- Most members can keep using their current pharmacy
- Watch for your new ID card to arrive in the mail

Before January 1, 2027

- Check coverage details for your medications at **welcome.optumrx.com/htctpremium**
- Look for Prior Authorization (PA), Step Therapy (ST) or Quantity Limit (QL) requirement
- Talk to your doctor if any new approval is needed
- If you use mail order, your prescription will transfer to Optum Home Delivery Pharmacy
- Watch for your new ID card to arrive in the mail
- Try to keep about a one-month supply of your medications during the change

After January 1, 2027

- Create an account at **OptumRx.com**
- **Download** the Optum Rx app
- Use your **new ID card** when filling prescriptions
- **Set up your account** with Optum Home Delivery Pharmacy if you use mail order
- Call Optum Rx at **1-800-765-6830** if you have questions

Pharmacy Network

Visit welcome.optumrx.com/htctpremium

WHAT YOU NEED TO KNOW

- Most members can keep using their current pharmacy.
- Optum Rx works with all chain pharmacies and most independent pharmacies.

Home Delivery

- Visit OptumRx.com
- Or call **1-800-765-6830** to get started

WHAT YOU NEED TO KNOW

- Your eligible current mail order prescription will automatically transfer to Optum Home Delivery Pharmacy.
- Compound medications, controlled substances, and prescriptions with no refills remaining will not automatically transfer and you may need to get a new prescription.
- You can also fill your 90-day prescriptions at your local pharmacy.

Specialty Drugs

- Visit specialty.optumrx.com/new-fill
- Or call **1-877-656-9604** to register

WHAT YOU NEED TO KNOW

- You must fill your specialty medication at **Optum Specialty Pharmacy**.
- Your eligible current specialty prescription will automatically transfer to Optum Specialty Pharmacy.

GLP-1 Medications

WHAT YOU NEED TO KNOW

- Weight loss GLP-1 medications are **not** covered by your plan.
- Diabetes GLP-1 medications are covered when plan criteria is met and approval is received.

Medication Approval

- Visit welcome.optumrx.com/htctpremium and search for your medication name.
- **If your medication shows YES for Prior Authorization, Step Therapy or Quantity Limit**
 - Talk to your doctor before January 1.
 - Your doctor can submit request at slate-rx.promptpa.com
 - Or by calling **1-833-789-9236**.

WHAT YOU NEED TO KNOW

- If you currently take a medication that needs approval, that approval will not move to your new pharmacy benefit with Optum Rx.
- Optum Rx partners with SlateRx for coverage determinations. Certain medications may require a clinical review and approval before they can be filled.
- You may see these terms when you check your medications.
 - **PA (Prior Authorization):** Your doctor must get approval before the prescription can be filled.
 - **ST (Step Therapy):** You may need to try another medication first.
 - **QL (Quantity Limit):** There are limits to how much of a medication you can fill at one time.

Prescription Costs

- Visit welcome.optumrx.com/htctpremium to confirm your copay tier.

WHAT YOU NEED TO KNOW

- **TIER 1:** Lowest-cost generic medications
- **TIER 2:** Preferred brand-name medications
- **TIER 3:** Non-preferred brand medication; lower-cost alternatives are available in Tier 1 or Tier
