

# vacuum system

The compact and low-maintenance vacuum module. Designed for energy efficient vacuum performance.

## BENEFITS

- Low power consumption and maintenance
- High suction capacity
- Easy operation via control panel
- Compact platform design

# vacuum system

## Main data

## vac1000

approx. suction capacity <sup>1</sup>	[m <sup>3</sup> /h]	1000
vacuum	[mbar]	< 10
Equipment height	[m]	2.5
Floorspace	[m]	3.2 x 1.65
Energy consumption <sup>1</sup>	[kW]	approx. 7
