

EnLiten™ Flush-Glazed Designs
FOR FIBER-CLASSIC® & SMOOTH-STAR® DOORS & SIDELITES

THERMA TRU®
DOORS

MANIFEST YOUR OUTER HOME

Designs for any entry.

At Therma-Tru, we believe your door should always welcome you home — while playing seamlessly into your style. Our EnLiten™ flush-glazed designs create striking profiles that effortlessly combine indoor and outdoor living spaces, inviting in more natural light than ever. The possibilities are endless, giving you doors that perfectly fit your lifestyle.

Create a clean look with maximum views.

During manufacturing, double- or triple-pane glass is built directly into the door. This design eliminates the need for a lite frame and screw plugs, achieving a seamless, consistent finish. Flush-glazed glass expands your view by 16%¹ — choose flush-glazed glass for more natural light and a sleek, uninterrupted aesthetic.

¹EnLiten flush-glazed designs offer up to a 16% increase in visible glass area compared to conventional lite frames.

Top Left: Smooth-Star, Satin Etch Glass with SDLs, Door – S5700XE, Finish – Elk
Top Right: Smooth-Star, Low-E Glass with SDLs, Door – S4200, Sidelite – S3200SL, Finish – Canyon
Right Page, Top Left: Smooth-Star, Clear Glass with SDLs, Doors – S85715, Finish – Alpine
Right Page, Top Right: Smooth-Star, Internal Blinds, Door – S2600

See the difference.

EnLiten flush-glazed designs provide a simple profile with no added embellishments around the glass.

Lip-Lite Frame

Seamless style. Controllable privacy.

Smooth-Star® doors with internal blinds featuring EnLiten flush-glazed designs deliver simplicity and convenience with contemporary appeal. Discover attractive, durable entry solutions for around the house, including patio, side and back doors allowing for optimal daylight and outdoor views, or complete privacy.

Strength is built in.

Our doors are durable by design. Flush-glazed glass represents a trouble-free solution that provides a superior barrier against the elements, resulting in performance you can depend on.

Durable by design.

Intentional design for exceptional performance — sleek flush-glazed glass provides increased protection against air and water infiltration.¹

Superior Sound Dampening

Doors with flush-glazed glass do a better job of dampening outside noise compared to a Lip-lite alternative.

11% More Energy-Efficient

The Low-E glass used in flush-glazed doors delivers a clear view and is 11% more energy efficient than 1/2" Low-E glass in a Lip-lite frame.²

Withstands Winds Up to 167mph

Door systems with flush-glazed glass are designed and tested to withstand wind forces up to 167 mph (DP-50).³ (ASTM-E330)

Year-round comfort, no matter the weather.

Factory-coated Low-E glass features a thin layer that reflects infrared and ultraviolet (UV) light, helping deliver exceptional energy efficiency.

NEW

Select flush-glazed full-lite configurations are now available with triple-pane Low-E clear and privacy glass options to meet ENERGY STAR[®] requirements indicated in **gold** starting on page 10.

In cold weather, Low-E glass reflects a home's heat back inside to help keep the home warm.

In warm weather, Low-E glass reflects the sun's rays off the glass and a home's air conditioning back inside to help keep the home cool.

¹Comparison of a flush-glazed full-lite door and a Lip-lite full-lite door.

²Comparison of U-factor values of a flush-glazed full-lite door and a Lip-lite full-lite door, both with Low-E glass.

³Must be installed as part of a Therma-Tru door system in compliance with a Therma-Tru product approval. Check product approvals before purchasing.

Note: See your Therma-Tru seller or visit thermatru.com for details on ENERGY STAR qualified products.

Decorative Glass Options with Triple-Pane Construction

Saratoga™

The first decorative glass available in flush-glazed designs for Fiber-Classic and Smooth-Star, Saratoga evokes a certain urban sophistication while offering modest privacy with its clear bevels, diamond glass, reeded glass and coming. The geometric pattern bridges both modern and traditional designs.
