

CEBUCABLES

INTERNATIONAL

COMPANY PROFILE

About Our Company

CCI Cebu Cables International is a leading provider of **high-quality electrical cables and accessories**, proudly supporting infrastructure and industrial projects of every scale across **Australia and the Asia Pacific Region** for over **25 years**. Established with a commitment to excellence, we have built our reputation on delivering superior products that meet the most **demanding standards** of **performance, safety, and reliability**.

Our company operates at the intersection of **quality and innovation**, bridging the gap between world-class manufacturers and discerning customers who require nothing but the best electrical solutions. We understand that in the electrical industry, quality is not merely an option, it is an imperative.

Vision

To be recognised as the foremost authority and preferred partner in cable solutions across the electrical industry.

We envision a future where CCI is synonymous with uncompromising quality, technical expertise, and customer-focused service. We aim to continuously expand our portfolio of partnerships with industry-leading manufacturers while deepening our relationships with clients who value excellence in every component of their electrical systems.

1

To deliver the highest quality cable solutions to the electrical industry by establishing strategic partnerships with the world's leading manufacturers of electrical products.

2

To provide effective, reliable, and innovative solutions that empower our clients to achieve operational excellence and sustainable success.

3

To be the trusted conduit through which premium electrical products reach the markets that need them, ensuring that every connection we facilitate meets the stringent and demanding requirements of modern electrical infrastructure.

4

To build strong, collaborative relationships with clients, suppliers, and stakeholders, working together to achieve shared goals, mutually beneficial outcomes, and long-term success.

Mission

Core Values

Expertise

Our team leverages deep technical knowledge and industry experience to provide informed solutions that meet complex project demands.

Integrity

We uphold the highest ethical standards, fostering transparent, honest relationships with customers, partners, and suppliers.

Partnership

We believe in collaborative relationships. Working closely with leading manufacturers and customers to create mutually beneficial outcomes.

Excellence

We maintain unwavering standards in product quality and service delivery, ensuring every solution meets or exceeds industry benchmarks.

Innovation

We continuously seek smarter, more efficient ways to solve challenges, staying ahead in technology and service delivery in the electrical cable industry.

Our Commitment

01

- ✓ High Quality & Reliable Electrical Products

02

- ✓ Competitive & Cost Effective Prices

03

- ✓ Prompt Delivery Schedules

04

- ✓ Complete Supporting Technical Data & Certificates

05

- ✓ World Class Customer Service

Industries

Industries We Serve

Serving commercial, railway, transportation, oil & gas, marine & offshore, mining, construction, solar, manufacturing, energy power plant, petrochemical, and telecommunication sectors, CCI is here to help power projects of every scale.

Product Overview

Our cables **conform** to the following **international standards**:

PEC 2017, PNS 1207, ICEA S-93-639, ICEA S-121-733, ICEA S-66-524, ICEA S-95-658, UL 83, UL 44, NFPA 130, UL 2196, IEC 60502-1, IEC 60502-2, IEC 60840, IEC 62067, BS 6387, IEC 60331, IEC 60332, IEC 61034, IEC 60754, AS/NZS 5000.1, AS/NZS 5000.2, AS/NZS 1429.1, TIA 568-B, ITU-T G.652b/G.653a

Our Supply Expertise

- PVC & XLPE Insulated Power Cables
- Instrumentation & Control Cables
- Low Smoke Halogen Free Cables
- Fire Rated / Fire Resistant / Fire Survival Cables
- FDAS (Fire Alarm) Cables
- PVC Flexible Cables
- TBM - Tunnel Boring Machine Power Cables
- Reeling & Trailing Cables (Mining Cables)
- OPGW Fiber Optic Cables
- Medium Voltage Insulated Overhead Spacer Tree Wire Cables
- Medium Voltage / High Voltage / Extra High Voltage Power Distribution Cables
- Data & Communication Cables
- VFD Screened Cables
- Submersible Cables
- Solar DC Cables
- Marine Shipboard Certified Cables
- Offshore Shipboard Certified Cables
- Offshore Drilling Cables (Oil & Gas Upstream)
- Offshore Platform / Onshore Certified Cables (Oil & Gas Downstream)
- Transit (Railway) Signaling Cables

Other Products

- Cable Lugs & Connectors (UL listed)
- Cable Glands (Industrial & Explosion Proof)
- Cable Cleats
- High Voltage Termination & Jointing Kits
- SVL Link Boxes
- Cable Trays
- Earthing & Lighting Protection (ELP)
- Hazardous Area Electrical Equipment
- Overhead Line Hardware & Connectors

Our Suppliers

Building Success Together.

We partner with **reputable, ISO-certified cable manufacturers** who share our commitment to excellence, innovation, and sustainability. With **rigorous quality control** and **assurance systems** in place, our partnerships are built to deliver **high-quality, tailored solutions** that meet the most **demanding international standards and certifications**.

Marmon Industrial Energy & Infrastructure

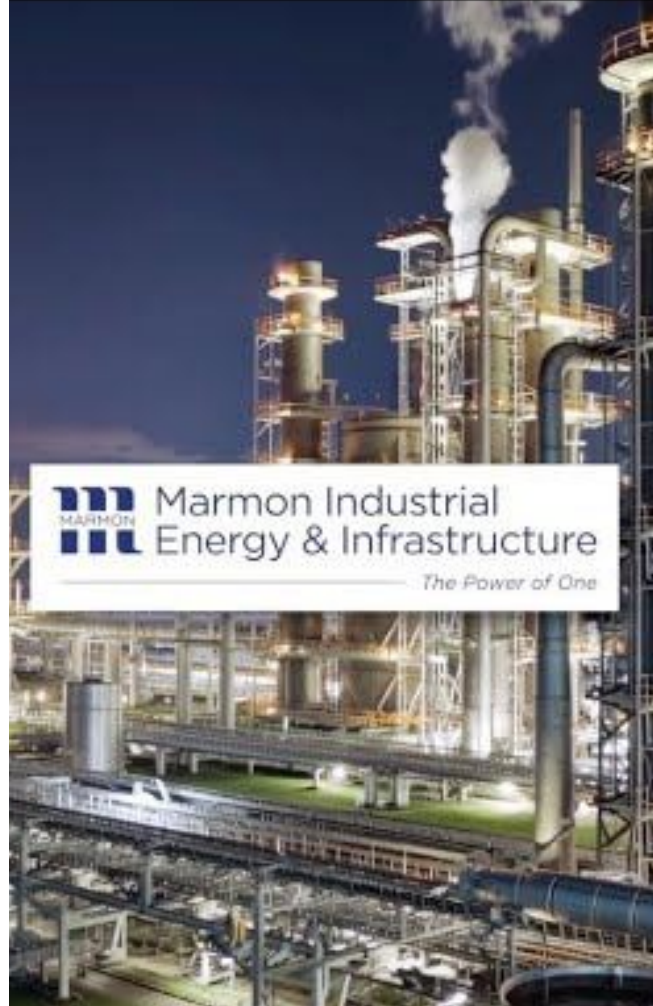

A proud member of the **Berkshire Hathaway family**, Marmon Industrial Energy & Infrastructure is a global powerhouse in specialised cable and wire solutions, and an **ISO 9001:2015** certified organisation across its manufacturing locations. Their products are rigorously tested and certified to the most demanding international standards including **UL 44; UL 1685; UL 2556; UL 2196; UL 1581; IEEE 1202 / FT4; NFPA 70; NFPA 130; NFPA 262; NFPA 130; NFPA 502; IEC 60331; IEC 61032; and BS 6387** — ensuring unmatched performance, fire safety, and reliability across the world's most critical energy and infrastructure projects.

Keystone Cable

Singapore-based Keystone Cable is a **globally celebrated manufacturer** known for its outstanding product range and relentless commitment to quality. Certified to **ISO 9001, ISO 14001, and OHSAS 18001**, and holding product certifications under **TÜV SÜD PSB's Product Listing Scheme (Class 1A)**. From power and instrumentation to fire-resistant and data cables, every Keystone product is rigorously tested, internationally certified, and engineered to perform — even in the most demanding conditions.

BCC Bangkok Cable

One of Thailand's most **respected cable manufacturers**, Bangkok Cable brings over **60 years** of precision engineering and world-class quality to every product they produce. Certified to **ISO 9001, ISO 14001, ISO 45001, & ISO/IEC 27001, & operating an ISO/IEC 17025** accredited testing laboratory, their commitment to quality, safety, and environmental responsibility is second to none. Their extensive range of power, control, and building cables is built to meet the most stringent international standards — making them a partner you can rely on without question.

CADIVI

Recognised across the region as a **benchmark for excellence**, CADIVI is Vietnam's premier cable manufacturer and a proud pioneer — being the first cable manufacturer in Vietnam to achieve ISO 9001 certification. Today holding **ISO 9001:2015 and ISO 45001:2018 certifications**, CADIVI delivers products of exceptional consistency, safety, and performance. Backed by state-of-the-art facilities and a rigorous quality assurance framework, CADIVI is the choice of projects that simply cannot afford to compromise.

AXIS

A **globally trusted** Indian manufacturer and exporter of electrical components, Axis supplies rigorously tested products to customers across more than 80 countries. **ISO 9001:2015 certified** and compliant with internationally recognised standards including **BS, DIN, UL, NFC, and AS/NZS**, Axis is a name synonymous with quality, performance, and reliability.
