How Command Zero works

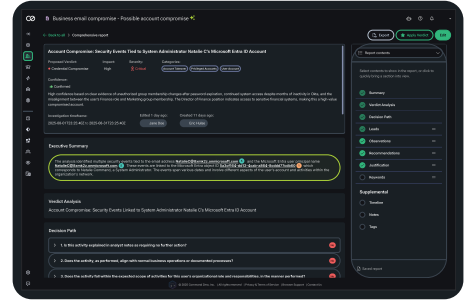

1. Triage

2. Analyze

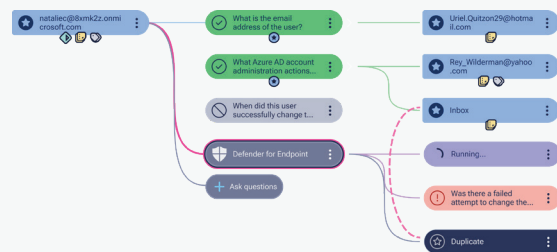

3. Respond

Questions are the common building block of expertise.

Best practices compound with every analysis.
Agents handle volume.
Humans handle complexity.

Benefits

- Analyze 24x7 without adding headcount
- Reduce tier-1 escalations by 90%
- Improve SOC efficiency by 40%
- Get consistent, auditable results
- Scale expertise across the team

Sample use cases

- SOC modernization
- SIEM migration
- AI adoption with control
- Tier-1 > Tier-3 investigation coverage
- BEC, insider threat, identity investigations

Governed AI.
Not a black box.

You control the logic
Visible analysis steps
Direct-to-data access

See what your SOC team can achieve with Command Zero

Live in under an hour.
No migration.
No friction.
