

## FREQUENTLY ASKED QUESTIONS

### **What is INTANAH?**

INTANAH is a hospitality group developing and operating destinations designed for private celebrations, retreats, and meaningful gatherings. We combine venue stewardship, design, and operational management under one unified platform.

### **How is INTANAH different from booking a single venue?**

Each INTANAH destination is dedicated to one group at a time. Rather than hosting multiple events simultaneously, we create fully private environments where gatherings unfold without interruption or shared access.

### **Are INTANAH destinations always private?**

Yes. Our venues are reserved exclusively for one event or group, ensuring privacy, discretion, and a highly personalised experience.

### **What types of gatherings do you specialise in?**

We specialise in weddings, milestone celebrations, leadership retreats, wellness programmes, and curated private gatherings where privacy and atmosphere are essential.

### **Do you manage hospitality destinations for third parties?**

Yes. In addition to operating our own destinations, INTANAH provides management expertise for distinctive hospitality assets seeking design-led positioning and disciplined operational delivery.

### **Can landowners or developers partner with INTANAH?**

We regularly engage with landowners and development partners seeking to unlock the potential of well-positioned hospitality sites. Our team brings feasibility, design alignment, and operational capability to viable projects.

### **How does SACRA work with INTANAH venues?**

SACRA is INTANAH's dedicated planning arm, working closely with couples and families to ensure celebrations feel cohesive and thoughtfully delivered across venue, styling, and guest experience.

### **Where does INTANAH operate?**

INTANAH destinations are currently located in Bali, with additional projects in development across Southeast Asia.

### **How can investors explore opportunities?**

Investment and partnership enquiries can be directed through our Investor Relations section, where we share further information about our model, pipeline, and growth strategy.
