- Client Focus
- Excellence

HOW WE WORK

DVH HORTICULTURE combines craft, systems, and care, with senior leadership oversight, qualified horticultural supervision, a trusted subcontractor network, and centralised reporting to ensure consistent delivery. Clients receive scheduled site reports with photos, clear summaries of completed works, identified issues and improvement actions, and seasonal recommendations to maintain presentation and protect landscape assets year-round.

QUALITY, SAFETY & COMPLIANCE

- SWMS and SOPs
- Public liability and workers' compensation insurance
- Qualified operators and licenced subcontractors
- Environmentally responsible practices and waste management

OPERATIONAL EXCELLENCE

Our service model is built on defined scopes, senior oversight, and consistent documentation. Clients receive clear updates, identified risks, and improvement actions to maintain outcomes across every visit.

LEADERSHIP

Andrew Foulsum – Director

Andrew brings over 15 years of commercial leadership and operational discipline, supporting business focus on consistent service delivery and long-term client relationships. He works closely across scheduling, procurement and service standards to ensure excellence, responsiveness and governance.

Jordan Henderson – Director

Jordan adds in-depth financial and analytical capability, strengthening commercialisation and performance. He supports disciplined planning, risk management and clear reporting frameworks that underpin reliable delivery for both residential and commercial clients.

Dominic Hooghuis – Head of Horticulture

Dominic brings over 15 years of hands-on horticultural experience across commercial landscapes and premium residential clients. He sets the horticultural standards, oversees plant health and turf programs.

COMMITMENT

DVH HORTICULTURE is committed to protecting outdoor assets, delivering visible and lasting results, and being a trusted long-term partner.
