Statement of Limits of Use of Medical Information Collected by UniAccess

UniAccess will only use this medical information for the purpose for which it was collected. Current documentation is required to assess whether your medical condition impacts your academic performance. The information is only used to provide reasonable adjustments to your academic program. Requests for adjustments are considered on an individual basis.

Emergency Evacuation

If you may require assistance to evacuate from a university building, please familiarise yourself with relevant UWA India emergency procedures.

Release of Information and Limits of Confidentiality

Confidentiality of your medical information is maintained within the UniAccess service. Medical information is only released with the written consent of the student except where legally required or where there is a clear danger to the student or others.
