

TOTAL TACTILES

Product

Total Tactiles Polyurethane (Code: TT-300PU)

About:

An integrated version of polyurethane tactiles, also known for its flexibility, durability, and resistance to abrasion and impact. Other than benefiting from the low contrast requirement (30%) this style does not require drilling holes as it is self-adhesive.

Specifications:

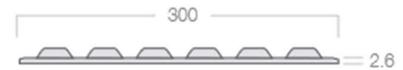

Material: UV Stabilised Polyurethane

Size and Shape: 300mm width, 300mm deep, 2.5mm height

Compliance Code: AS/NZS 1428.4.1:2009

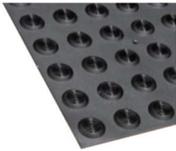

Slip Resistant: P4 Rating (Wet & Dry Surfaces)

Fixing Method: Adhesive

Finishes:

Code: TT-300PU01 [Black]

Code: TT-300PU02 [Yellow]

Code: TT-300PU03 [White]

Code: TT-300PU04 [Grey]
