Coated Masonry Wall System**

Spec-Finish

SPEC-FINISH® combines special smooth and tight textured SPEC-SURFACE™ block from CPG with high performance coatings from Tnemec. SPEC-SURFACE may also be used with ordinary paint coatings.

Primary Uses

- Coated walls where a pinhole free surface is required.
- Coated walls for applications requiring a high performance surface finish, such as hospital interiors, food preparation areas, animal care facilities, clean rooms, restroom facilities and other areas requiring easy cleaning and/or maintenance of hygienic conditions.
- Coated walls for high vapor conditions, such as indoor swimming pools, aquariums or vivariums.

Features

- SPEC-FINISH blocks are made with a special mix design including a pre-conditioner that results in an especially tight and smooth surface texture.
- SPEC-FINISH walls offer superior performance for applications with exacting hygienic requirements - both the block and mortar joints are fully coated, and the coatings may also be applied to flooring and ceilings to provide comprehensive coverage.

Construction Efficiency

- The smooth and tight surface texture results in labor and time savings when compared to using traditional CMU by minimizing need for block filler layers prior to painting or coating.
- SPEC-FINISH is significantly less expensive than alternate approaches for its intended applications, such as glazed tile or CMU.

Spec-Finish System Levels

Standard Block Finish (Level I)

Cost-Effective for Lighter Duty Applications

Orange Peel Block Finish (Level II)

Pin-Hole Surface for Greater Cleanability

Smooth Block Finish (Level III)

Pin-Hole Free Surface with Smooth Finish

Three chemical-resistant, high-performance finish levels to meet a variety of aesthetic and performance requirements

Service and Support

The Concrete Products Group LLC (CPG) consists of regional market leaders in the concrete products industry. CPG provides industry leading support and service throughout the nation. CPG is organized to provide consistent, top-quality products to regional and national customers.
