WAYUU

Wayuu was founded in 2018 in Guasca, in the savannah of Bogotá, Colombia. On land with over 20 years of flower-growing expertise.

In just six years, we've grown beyond our origins, expanding to five more regions with ideal climates. Today, our 100+ hectares flourish with roses, alstroemerias, and spray roses.

Every flower we cultivate tells a story of passion, craftsmanship, and tradition.
