A message from us

As we reflect on our journey in 2023, it has been incredible to witness first hand how our community continues to come together in support of children and Venezuela.

We commenced our year with an unwavering commitment to our mission:

Design support networks throughout Venezuela with nutrition and medical attention programs while teaching children to have a personal relationship with Jesus Christ.

Our volunteers and partners continued to grow with a vivid calling to serve and make a difference. We wanted to extend our heartfelt appreciation for your partnership and generous support. We delivered and exceeded expectations across the support programs bringing joy and hope to children's lives.

Below is a brief snapshot of the work that together we accomplished in 2023:

+24,800

At each of the support centers across, we could see each week how children's lives were being transformed. Their palpable desire to attend at first in desperate need of help. Little by little, we could see a light being ignited as they commence their journey to learn more about their heavenly Father, God.

As the team commences this new year, with great anticipation, we look forward to continue being part of the transformative work that God is doing in Venezuela. We hope you are as well. We have big plans and dreams for these children's future, and we invite you to join us in this journey of faith and love.

With blessings,
Randy & Helen

"In the same way, let your light shine before others, that they may see your good deeds and glorify your Father in heaven – Matthew 5:16 NVI

Partners and collaborators

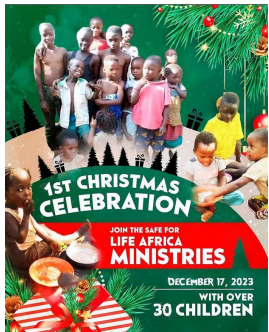

FVV has established a comprehensive program that allows children to join one of the local nutrition centers in our network to seek support. Our team will manage and provide each child with nutritious meals while also providing and **teaching the word of God (John 6:35)**. FVV partnering with CCLN, we expanded and now support **16** different nutrition centers across the Los Valles Del Tuy, Miranda Venezuela supporting serving over **600** children every week.

FVV has designed a support network that allows children to have access to basic medical care. Doctors help identify conditions/diseases and provide treatment, including medications. We have continued to expand our medical attention Program supporting **over 500 babies and children** during our quarterly medical attention events in Ciudad Bolivar, Bolivar Venezuela with our partnership with Una Comida por una Sonrisa. Our local team of pastors provides prayer services and educates them on the word of God.

As a Christian Ministry, we continue to expand the **foundation's impact by tithing & offering** to help support other global and national organizations to advance the Kingdom of God
