FOR IMMEDIATE RELEASE

Press Release

DA 150 High Temperature, Fast Cure Die Attach Adhesive Series Materials

(Albany, NY) 12/22/2017 — The DA 150 series materials are YINCAE's new fast curing die attach adhesives. The DA 150 series offers conductive and insulating options to suit a large variety of applications. These products can be cured quickly at 150°C and offers outstanding electrical conductivity. In addition to these two major benefits, the DA 150 series materials also offers no delamination, high reliability, and high thermal conductivity. DA 150 series die attach adhesive materials are commercially available and are currently being used for insulating and conductive die attach applications.

For more information on YINCAE's DA 150 series, or to learn more about what YINCAE offers, please email us at: info@yincae.com. You can also find more information by visiting our website at: www.yincae.com
