

Stay active & get rewarded with a gym rebate

The gym rebate program makes it easy for you to receive an annual rebate for working out! When you participate in our program, you will receive a targeted number of workouts to achieve during your program year and an annual maximum rebate amount. When you reach the target and submit your rebate request online, we'll deposit your rebate into your bank account.

WHAT IS CONSIDERED A QUALIFYING GYM?

A qualifying gym is one that offers cardio and weight-training equipment or be an approved, non-standard athletic facility, e.g., a yoga or Pilates studio, martial arts studio, boot camp (not a gym but is a program) or Cross Fit establishment. You may also request a gym rebate for fitness subscription services as long as there is a live class component. Please note that on-demand video services do not qualify.
