

CAPSUL

PELLETIZED GYPSUM

PRODUCT DESCRIPTION

CapSul® pelletized gypsum is engineered for easy spreading and uniform application. Its smaller pellet size blends seamlessly with other fertilizers, helping you achieve precise formulations and more consistent coverage across your fields.

TYPICAL ANALYSIS

CALCIUM (Ca)	20%
SULFUR (S)	16%
CALCIUM SULFATE DIHYDRATE	85%
MOISTURE	<1%
PRODUCT DENSITY	57 LB/ CU FT
SGN	250
