

# Do you have prostate cancer?

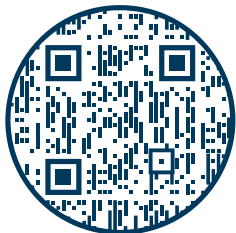

IMPACT provides **FREE** treatment for eligible California residents.

IMPACT is the largest public initiative in the United States to provide **FREE** prostate cancer treatment to low-income California residents with little to no health insurance.

IMPACT partners with physicians, hospitals and community-based health organizations to evaluate and treat patients in their communities.

IMPACT pays for the following treatments:

- Watchful waiting
- Brachytherapy
- External Beam Radiation Therapy
- Hormone Therapy
- Chemotherapy
- Radical Prostatectomy

Call us at **1-800-409-8252** or fill out the contact form on our website **caimpact.org** and we will call you.
