

SAFETY AND COMPLIANCE STATEMENT

ISSUED: JANUARY 2026 | **REVIEW CYCLE:** ANNUAL | **DOCUMENT OWNER:** OPERATIONS

RIVIX manages the sourcing, production, and delivery of workwear, uniforms, and apparel programs in accordance with client specifications and applicable safety requirements.

Where specified by the client or contract, products are developed to align with relevant standards such as CSA, ISO, or EN, as applicable to the order requirements.

Prior to production, materials, trims, construction details, and any required visibility elements are reviewed to confirm alignment with approved specifications. Quality checks are conducted prior to shipment to verify conformity.

Compliance documentation may be made available upon request, subject to the scope and requirements of the applicable order.
