

ASX Announcement (ASX: B4P)

28 January 2026

Beforepay Group Limited Q2 FY26 Quarterly Activities and Appendix 4C Cash Flow Report (Unaudited)

Beforepay scales the business with disciplined investment in growth

Beforepay Group Limited (the Company) (ASX: B4P) has released its Quarterly Activities and Appendix 4C for the quarter ended 31 December 2025 (Q2 FY26).

Beforepay Group CEO, Jamie Twiss said, "This quarter saw strong increases in average advance size. Profit declined as a result of the usual holiday-season increase in defaults as well as investments in Carrington Labs and personal lending; we were pleased to announce a new Carrington Labs client as well as continued personal-loan growth."

Q2 FY26 Business Update

- **Profitability:** The Company had a Net Profit Before Tax (NPBT) of \$0.3m, compared to \$3.4m in the previous quarter.
- **Advances:** Quarterly advances reached \$240m, up 17% on Q2 FY25, driven by an 18% increase in the average advance size to \$470.
- **Revenue:** Revenue increased to \$12.0m, up 18% YoY (year-on-year) underpinned by higher advance volume and larger advance sizes.
- **Net defaults:** Net defaults rose to 1.85%, up slightly from 1.75% in Q2 FY25. This is in line with the seasonal holiday trend.
- **Net transaction margin (NTM):** NTM increased to \$5.9m in the quarter, up 22% YoY from \$4.8m in Q2 FY25, driven by higher advances.
- **Operating expenses:** Increased by 11% to \$5.2m from \$4.6m in the prior quarter. This was driven by continued investments in Carrington Labs and in the personal-loan product, as well as increased marketing spend in the quarter.
- **Active users:** Increased 0.1% QoQ to 276,606. The average customer acquisition cost (CAC) in the quarter was \$53. The Group continues to focus its acquisition efforts on higher-value customers as it improves its ability to forecast customer lifetime value and to reduce the acquisition of riskier and lower-value customers.
- **Balance Sheet:** The Company maintained a strong balance sheet with an equity balance of \$43.9m and Total Cash of \$17.5m as at Q2 FY26 (Q1 FY26 Total Cash of \$19.2m). Total Cash included \$9.1m of cash-at-bank and \$8.4m of cash held in our funding and settlement accounts. Total Cash declined \$1.7m QoQ due to an increase in the gross loan book from \$55.8m to \$60.9m. The mix of Total Cash shifted as a result of the timing of moving money between cash-at-bank and funding and settlement accounts.

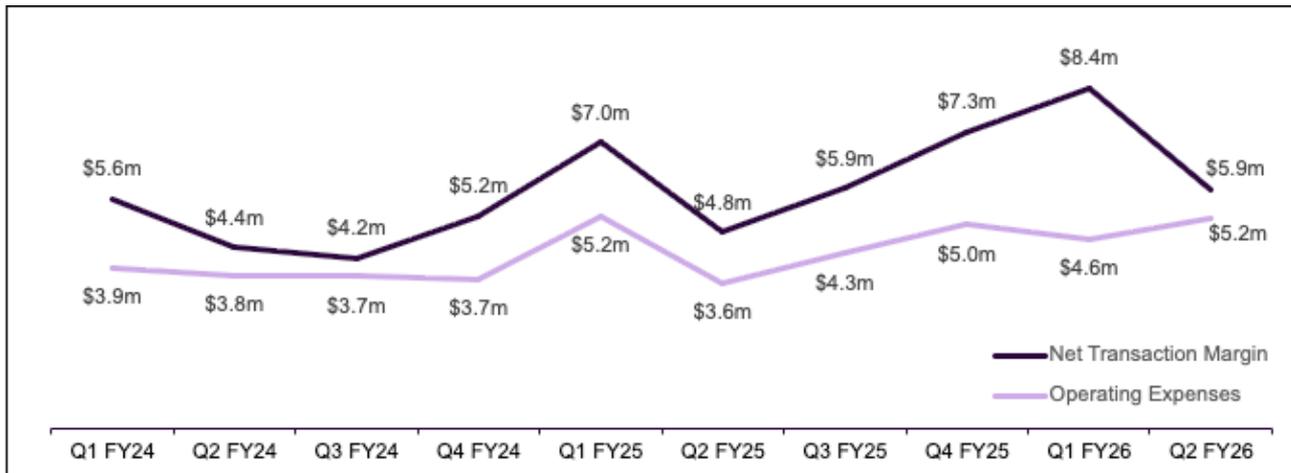

- **Carrington Labs:** The Company announced an agreement with Flexcar, the first and only month-to-month car lease company, and a partnership with Sea.Dev, a fintech company specialising in AI-powered financial document automation for small and medium-sized businesses. This further expands the range of customers that Carrington Labs services. Additionally, the Company further developed the Carrington Labs offering to include a Model Context Protocol (MCP) Server bringing compliant credit models into AI lending workflows.
- **Personal Loans:** Personal Loans continue to scale with 2,415 loans written to date, totaling \$6.8m.
- Q3 FY26 trading to date has been in line with expectations. The Company expects margins to normalise as defaults decline following the holiday increase.
