

Car Care & Detailing

AMSOIL INTERIOR DETAILER - LIGHT LEMON

Product Code: IDLCN-EA

Effortlessly clean, protect, and deodorize your car's interior with a streak-free finish and 90-day UV defense in every spray.

Product Description

AMSOIL Interior Detailer in Light Lemon cleans, protects, and deodorizes every interior surface in your vehicle with a single spray-and-wipe application. It leaves zero greasy residue, no streaks, and a subtle lemon scent that freshens without overwhelming the cabin.

Sun-baked dashboards, dusty trim panels, fingerprint-covered infotainment screens. Interior surfaces take a beating from daily use, UV exposure, and temperature swings. Most interior cleaners either leave behind a slick, greasy film that attracts more dust or contain dyes that can stain lighter materials. Finding a product that actually cleans, protects, and doesn't create new problems is harder than it should be.

CLEANS WITHOUT FILM OR RESIDUE

Traditional interior sprays like Armor All are notorious for leaving a shiny, slippery film on dashboards and door panels. That film attracts dust within days and creates dangerous glare in direct sunlight. AMSOIL Interior Detailer is formulated without dyes or films. It cleans plastic, vinyl, trim, dashes, and displays, then wipes away completely. The surface looks like it did when it was new, not like it was coated in something.

90-DAY UV PROTECTION

Prolonged sun exposure fades, cracks, and degrades interior plastics and trim over time. This is especially common on trucks, SUVs, and daily drivers that spend hours parked in the sun. AMSOIL Interior Detailer provides UV protection for up to 90 days per application, helping to slow the aging process on dashboards, door panels, center consoles, and other exposed surfaces. One application after a thorough interior detail keeps surfaces protected well into the next season.

TRAPS AND ELIMINATES ODORS

This formula includes odor-trapping technology that does more than mask smells with fragrance. It captures and neutralizes odors at the surface level. The light lemon scent is subtle enough to freshen the cabin without being overpowering, making it a good fit for work trucks, family vehicles, and daily drivers alike. An unscented version is also available for those who prefer no fragrance at all.

SAFE ON ALL INTERIOR SURFACES

No need to keep multiple bottles for different materials. AMSOIL Interior Detailer is safe for use on plastic, rubber trim, vinyl, leather-look surfaces, instrument clusters, and touchscreen displays. Spray it on and wipe with a microfiber towel. For heavier grime or ground-in dirt on textured surfaces, agitate with a soft bristle brush before wiping. For glass and mirrors, AMSOIL recommends pairing with their dedicated Glass Cleaner for the best streak-free finish. If your vehicle has aftermarket window tint or coatings, test on a small hidden area first.

APPLICATION

Spray AMSOIL Interior Detailer directly onto the surface or onto a clean microfiber towel, then wipe. For stubborn dirt and debris, agitate with a soft bristle brush and wipe away. Available in a 16 oz. spray bottle or by the case for shops and detailers who go through product quickly.

Frequently Asked Questions

Q1: What vehicles and equipment can I use AMSOIL Interior Detailer Light Lemon on?

AMSOIL Interior Detailer - Light Lemon (IDLCN) is designed for use across a wide range of vehicles and equipment, including auto/light truck, motorcycle, ATV, UTV, snowmobile, marine outboard, PWC, heavy-duty on-road, heavy-duty off-road, agriculture, and powersports applications. It is a multi-surface cleaner safe for use on plastic, trim, dashes, and displays in virtually any vehicle interior.

Q2: Does AMSOIL Interior Detailer Light Lemon protect against UV damage and fading?

Yes. AMSOIL Interior Detailer - Light Lemon provides 90-day UV protection for interior surfaces. This helps shield plastic, trim, and dash materials from sun damage, fading, and deterioration caused by prolonged UV exposure. It also features odor-trapping technology that traps and eliminates interior odors rather than just masking them.

Q3: What cleaning technology does AMSOIL Interior Detailer Light Lemon use and does it leave streaks?

AMSOIL Interior Detailer - Light Lemon uses powerful cleaning, odor-trapping, and non-streaking technology. It is free from dyes and films, meaning it cleans interior surfaces without leaving behind a greasy, wet, or streaky residue. Verified buyers have confirmed it dries to the natural color of dash and plastic surfaces without any slippery or oily film.

Q4: How does AMSOIL Interior Detailer compare to Armor All and Chemical Guys interior cleaners?

Verified buyers have directly compared AMSOIL Interior Detailer - Light Lemon to brands like Armor All, Chemical Guys, and Griot's, reporting that AMSOIL outperformed them. Unlike Armor All, which reviewers noted leaves a wet film on dashes and plastics, AMSOIL Interior Detailer wipes away cleanly and leaves a non-greasy shine. The light lemon scent is described as pleasant and not overpowering, and the product is rated 4.9 out of 5 stars based on 28 verified reviews.

Q5: How do you use AMSOIL Interior Detailer Light Lemon for best results?

Spray AMSOIL Interior Detailer - Light Lemon directly onto the surface and wipe away with a microfiber towel. For stubborn dirt and debris, agitate the area with a soft bristle brush before wiping clean. AMSOIL recommends using AMSOIL Glass Cleaner instead for best results on glass surfaces. For vehicles with aftermarket tint or other aftermarket interior products, spray on an inconspicuous area first to test before full application.

Q6: Is AMSOIL Interior Detailer Light Lemon safe for car touch screens and digital displays?

Yes. AMSOIL Interior Detailer - Light Lemon is specifically noted as safe on all surfaces, including plastic, trim, dashes, and displays. It is free from dyes and films, so it won't leave residue or streaks on sensitive digital screens or infotainment displays. However, for glass surfaces such as instrument clusters with glass covers, AMSOIL recommends their dedicated Glass Cleaner for optimal results.
