Meeting the challenge of uncompromising compliance

Navitas Safety

Managing multiple hotel sites is not easy, and even the best-run hotels have hidden risks:

- **Inconsistent compliance**
  Without a single, centralised system, sites become siloed, making compliance difficult to track.

- **Slow manual processes**
  Paper logs and checklists take up valuable time and open the door to potential human error.

- **No real-time visibility**
  Delays in reporting mean you often can't see problems until it's too late.

- **High staff turnover**
  When you're always training new people, consistency becomes a moving target, making it harder to maintain standards.

Counting the real cost of safety slips

Navitas Safety

A fine is the worst-case scenario, but the real cost of a compliance failure is the disruption it causes:

- **Brand damage**
  Rebuilding a damaged reputation costs more than protecting it and can instantly erode years of hard-won trust.

- **Guest dissatisfaction**
  A single safety lapse can derail your entire customer journey.

- **Increased operational costs**
  Every non-compliant issue or inefficient process costs time and money that could be better spent on your business.

In 2017, a Which? Travel investigation revealed that **652 hotels, guesthouses, and B&Bs in the UK failed their food hygiene inspections**, often due to items like seafood past expiry, poor temperature control, and inadequate paperwork (The Guardian).

Creating a safe haven for your guests and teams

Navitas Safety

Navitas Safety was built by industry experts who understand the realities you face every day.

- **Our system is simple and intuitive**, combining technology, consulting, and training into one, simple, connected platform for effortless compliance, quiet confidence, and measurable impact.
- **We work with the industry**, not just for it, developing our SaaS platform and integrated software and hardware solutions in close consultation with customers like you.
- **Backed by decades of experience and insights**, our products and services give you the confidence and peace of mind to do what you do best - deliver a standout experience to your guests.

"It's more than ticking boxes - it's a safety net, giving us proof of what's been done and peace of mind that nothing is missed. For us, it really is the best thing since sliced bread."
