

Recording Drums Sample Guide

- **What you need:**

One device to record audio/video and another to play the song labeled “ ____ [CLICK].mp3”

What it should look like:

NOTE:

We want to see your face and experience your energy while playing because we are looking for natural platform presence

- **How to record:**

Step 1: *Position your phone or laptop/desktop in front of you enough to be seen and heard clearly. “Do not Disturb” is a good idea so you don’t get interrupted with phone calls or texts while recording*

Step 2: *Play the song with CLICK behind you and do a practice recording first to be sure it looks and sounds clear*

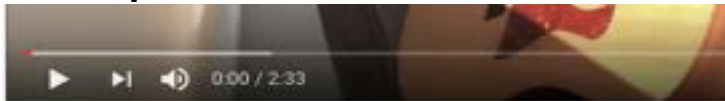

Step 3: *Record your audition videos*

- **How to upload your video:**

Step 1: Once your video is recorded, you can upload directly to YouTube from your phone, laptop or desktop

Step 2: Be sure to title each video submission with Your NAME and the SONG NAME

For example:

Worship song TITLE: NAME HERE

90 views

Step 3: Copy the URL (web link) of each video

- **How to submit your video auditions:**

Find the email you previously received with the invitation to the audition plan, and reply back to that email with your video submissions in this format:

Song 1 - Name Here

<https://www.youtube.com/sampleurl>

Song 2 - Name Here
