

Bayside Leader Training Outro (Bill S.)

Well, thank you again for taking the time to better understand Bayside's cultural values.

We believe that as you lean into your leadership role here you will be more fruitful and effective as you live a life that puts God first, is others focused and lives on mission...and remember, what you do really matters, but who you are matters more.

I wanted to take just a brief moment and fill you in on your next step...

The ministry leader who invited you to be a part of this training will be connecting with you to hear about some of your key takeaways from the video training, review our leadership handbook and have you sign our leadership covenant, along with giving you a chance to ask any questions you have around leading in your chosen ministry area.

It's a good opportunity for you and your ministry leader to make sure you're on the same page as you begin leading your group or team.

Well, that's it! Congratulations! You have completed the video portion of Bayside Leader Training. I'm excited to lead with you at this amazing church.

Before we go, I want to take just a moment to pray with you....Let's pray....

Pray for them (your words).....that the Lord would bless them, give them vision, and empower them to lead well the people God brings to their groups / teams. In trust you to pray with them how Holy Spirit leads....

In Jesus name....Amen

Again, congratulations and I look forward to leading with you here at Bayside Community Church.
