SPARK
YOUR GROWTH

I help CEOs and executive teams design the system that turns marketing, sales, and AI into one predictable growth engine.

I've sat in every seat. I started my career at Mattel, working on global brands like Hot Wheels, Disney Princess, and WWE inside billion-dollar P&Ls. Then I built and sold two companies of my own. Today I advise leaders across more than 40 industries, with nearly 20 years of experience and more than \$500M in revenue influenced.

Employee. Founder. Advisor. The pattern was always the same. The team wasn't lazy. The strategy wasn't wrong. The system underneath had never been designed.

So I built one. It gives leaders a way to see the whole revenue engine on one page, find the real constraint, and run growth with clarity and control instead of guesswork.

GROWTH ISN'T AN EFFORT PROBLEM. IT'S A STRUCTURE PROBLEM.

Same people. Same tools. Completely different outcomes.
