

Our Story

Lin's Asia Küche brings together Chef Lin's many years of culinary experience, our family's Asian roots, and our passion for creating new flavours and sharing great food.

What began in Dornbirn in 2011 has grown with us over the years and continues today in Vienna – always with the same love for cooking, creativity and quality.

Our goal: to create food that tastes great, tells a story and, most importantly, brings people together.
