

Healthy practices are built by healthy people.

Human-centered leadership, culture, and operations for dental
teams ready to thrive.

DENTAL INDUSTRY SPEAKER • AUTHOR • PODCAST HOST

MEET LINDA KANE

Nearly three decades seeing how one practice problem becomes another.

Linda understands the dental practice from the inside out. She connects leadership decisions to culture, systems, patient experience, and profitability, helping teams see what is really creating the chaos and what to do next.

Practice Strategist

ABOUT LINDA

Experience that connects people, systems, and performance.

28+ Years in Dentistry

Hands-on experience with tried-and-tested approaches inside dental practices for nearly three decades

Trusted Practice Leader

Leadership shaped by the daily realities of running a practice

Billing Company Founder

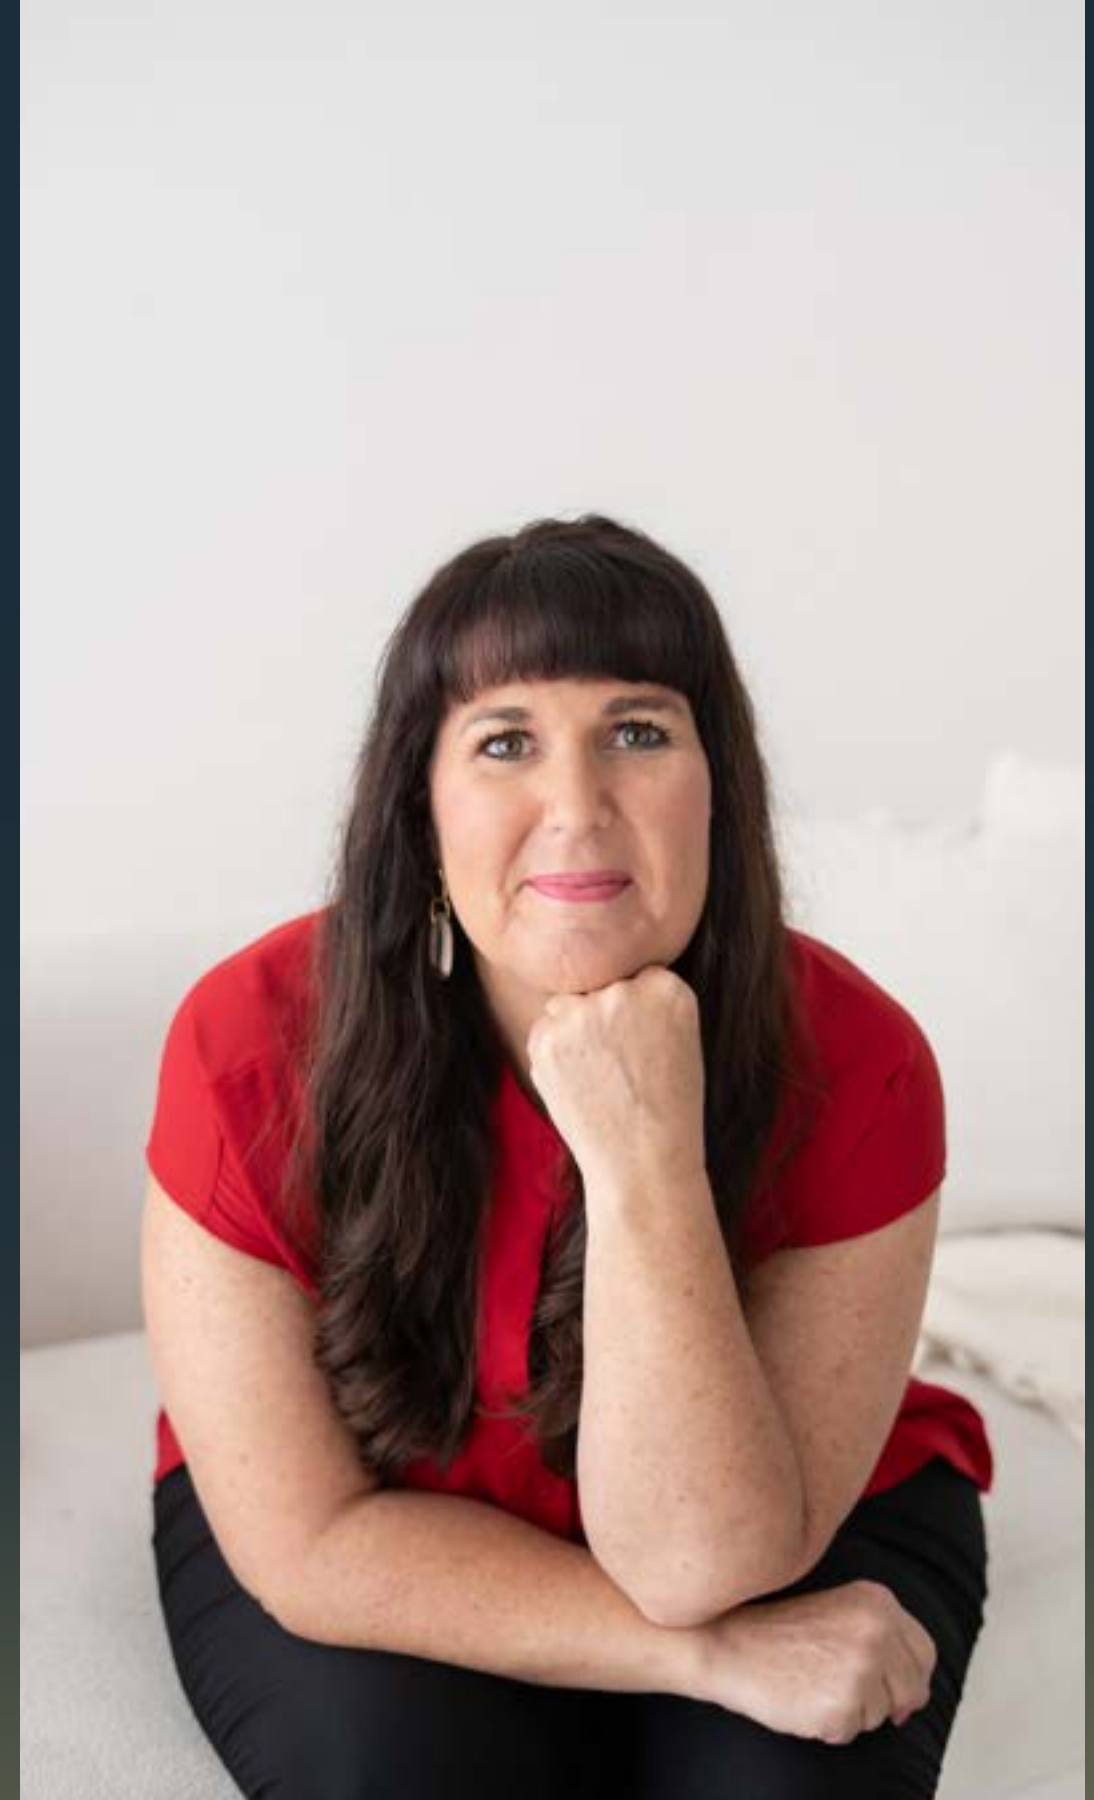

Revenue cycle and operational expertise that goes beyond surface-level metrics

Operations Strategist

Advocating for the human side of dentistry by implementing the smartest uses of technology

Connected Industry Advocate

Helping dental leaders connect with trusted vendor and fellow leaders in the dental industry

SIGNATURE PROGRAM 01

Leading with a Light Hand

What horses' energy can teach us about servant leadership.

THE PROGRAM

Horses respond to authenticity, consistency, trust, and calm leadership, the same qualities employees seek from those who lead them every day. Linda uses real stories and practical strategies to show how servant leadership inspires commitment rather than compliance.

LEARNING OBJECTIVES

- Apply servant leadership principles in a dental practice
- Strengthen trust, accountability, and team engagement
- Recognize behaviors that contribute to burnout and turnover
- Create a culture where people choose to contribute and grow

FORMAT

90 minutes • Intermediate

LEADERSHIP • CULTURE • TEAM ENGAGEMENT

SIGNATURE PROGRAM 02

Beyond the Numbers

How healthy teams create healthy practices.

THE PROGRAM

Every KPI has a person behind it. Linda connects leadership, communication, and emotional well-being to production, collections, retention, and patient experience.

LEARNING OBJECTIVES

- Identify the people and systems most critical to practice success
- Recognize how leadership affects engagement, retention, and performance
- Balance accountability with employee well-being and resilience
- Use smart technology to support people, strengthen systems, and improve results

FORMAT

90 minutes • Intermediate

SIGNATURE PROGRAM 03

Revenue Cycle Rescue

Fixing the leaks that cost your practice every day.

THE PROGRAM

Most practices lose revenue not from a lack of patients, but from breakdowns in billing, follow-up, and insurance workflows. Linda delivers a clear, actionable framework to identify hidden losses and build systems that recover what's already been earned.

LEARNING OBJECTIVES

- Identify common revenue cycle breakdowns in dental practices
- Streamline insurance verification, claims, and follow-up processes
- Reduce write-offs and improve collections without adding stress
- Build accountability systems that sustain long-term financial health

FORMAT

90 minutes • Intermediate
