Year 7 Baseline Testing Day

Friday 20 November 2026

To support your child's academic growth and smooth transition to Middle School in 2027, all students who are new to JSRACS and **did not** participate in the Scholarship Testing Day on Saturday, 28 March 2026 are required to complete baseline testing.

The testing provides teachers with valuable information about each student's current knowledge and skills. This data assists us to identify any gaps in learning, plan differentiated teaching programs and allocate students to the most appropriate classes before the beginning of the school year.

Baseline testing is completed annually by our current JSRACS students; therefore, this testing ensures that consistent academic data is available for all students entering Year 7 in 2027.

Due to the number of students participating, the Baseline Testing Day will be divided into two sessions based on students' current schools.

Session One

Arrival: 8.45am

Testing begins: 9.00am

Finish: 12.00pm
