OLTRE

NIZZA

Denominazione di origine controllata e garantita

Where Barbera reaches its highest expression.

OLTRE is not part of our core portfolio. It represents the highest expression of our territory and of Barbera. Produced in limited quantities and released selectively, OLTRE is conceived as a flagship wine — a reference that defines the identity of our winery.

“OLTRE”
*in Italian means
“Beyond”.*

We named our latest excellence as an ode to this embracing and powerful concept: beyond the sun, beyond the purity of our Barbera, beyond the harmony achieved through time in oak.

OLTRE represents an all-encompassing journey — one that transcends light, surpasses the pristine nature of our grapes, and goes beyond the slow, measured rhythm of aging.

With OLTRE, the wine reaches the glass expressing its full and confident presence.
