Do Merit

Supported devices

Do Merit connects to your Merit Ring over Bluetooth. Before you download, check that your phone meets the requirements below.

iPhone

iOS 16.4 or later

✓ **Supported models**

iPhone 8 and every later model, updated to iOS 16.4 or later.

- iPhone 8 / 8 Plus
- iPhone X
- iPhone XR / XS
- iPhone SE (2nd gen +)
- iPhone 11 and later

× **Not supported**

iPad. The app may install on an iPad, but we do not test it there and cannot promise it will work.

Android

Android 7.0 or later

✓ **Supported phones**

Phones running Android 7.0 or later that support Bluetooth Low Energy.

✓ **How to check**

If you can find and install Do Merit on Google Play, your phone meets the Bluetooth requirement. Phones without it are not offered the install.

× **Not supported**

Android tablets.

Before you connect your Merit Ring

1

Turn on Bluetooth

Allow Bluetooth when the app first asks. On Android, also allow location access. Android requires it before any app can search for nearby Bluetooth devices.

2

One ring, one phone

A ring connects to only one phone at a time.

3

Switching phones? Charge first

Put the ring on its charger, then pair it in the app on your new phone. The ring cannot move to another phone unless it is charging.
