# WHO WE ARE

Team Viper/Venom (TVV) is a consortium of the world's most advanced aircraft technology manufacturers, dedicated to the success and proliferation of the AH-1Z Viper and UH-1Y Venom programs.

Each member of TVV plays a critical role by equipping the modern warfighter with the most technologically advanced, mission capable and lethal aircraft available to meet the strenuous demands of the ever-changing battlefield.

# WHAT WE DO

## WORLDWIDE H-1 ADVOCACY & SUPPORT

TVV takes pride in our mission to advocate the benefits and capabilities of the H-1 platform. Through direct-to-customer engagements with the aircraft's end users, we are better able to tailor our product to meet their needs.

## COMMUNITY OUTREACH INITIATIVES

TVV created an initiative to fund a variety of projects that ultimately give back to the H-1 and U.S. Marine Corps aviation communities.

These efforts honor the H-1 legacy while supporting education, outreach, and charitable contributions to strengthen and inspire the aviation community.

# MEMBERSHIP

Team Viper/Venom membership is comprised of four distinct annual contribution tiers:

<b>PLATINUM</b>	\$9,000
<b>GOLD</b>	\$7,000
<b>SILVER</b>	\$5,500
<b>BRONZE</b>	\$2,550

Each membership tier comes with its own benefits, rights, and privileges that include, but are not limited to:

-  Seats on the Executive Steering Committee
-  Free use of TVV logos on organizational materials
-  Personal invitations to any number of sponsored events
-  Invitations to the in-development Annual Users Conference

Membership is not intended to convey anything of value to either the United States Marine Corps or TVV industry partners in exchange for any return, preferential treatment, or actions outside of facilitating open and transparent communication between the United States Marine Corps and Team Viper/Venom industry partners.

TVV is comprised of individual companies. Team membership is not, nor shall it, form a legal entity, joint venture, or business partnership with any of the other teammates.
