oneCEDA Joint Health & Safety Committee (JHSC) – Q4

The oneCEDA JHSC brings together members of regional committees and leaders who may not be regularly involved at a cross regional level. Its purpose is to raise awareness of serious incidents, share accolades, positive developments such as new technologies or procedures, and provide a platform to raise additional concerns and initiatives.

Accolades:

- CEDA-2025-AC-529794
- PV Regina: Jovanni Valdez - Value Coin Awarded
- PV Bonnyville: Al Fontaine – Mentoring New Employees

Incidents Reviewed:

- ILX 14088 – Plate Roller Incident
- ILX 14153 – Vehicle Roll Over

In 2025, the oneCEDA Joint Health and Safety Committee expanded participation and strengthened collaboration. Building on its 2023 launch, it has become a trusted forum for identifying safety trends, sharing lessons learned, and driving improvements to the safety management system. Highlights from 2025 were:

- Nine Serious Incident Reviews with clear lessons learned
- PV SME team improvements aligning field experience with technical guidance
- Input into key HSE initiatives:
  - Field tools: ICE Cards, FLHA, Field Safety Guide, STOP Work Authority Card
  - Learning tools: Leadership HSE Fundamentals, Energy Wheel, Investigating Differently and Learning from Normal Work
  - Data tools: Intelex Dashboards, LSR Inspections

Safety Culture in Action:

In 2025, the Corporate HSE team issued monthly communications recognizing individuals and organizations for proactive safety behaviors, practices, and shared values. Each month highlighted positive incident or near-miss responses and safety accolades. Examples shared at the oneCEDA JHSC meeting included:
