

IMPORTANT WEBSITE DISCLAIMER / DISCLOSURE

The information provided on www.sovereignnumismatics.com and any related pages, articles, inventory references, reports, guides, charts, emails, downloadable materials, videos, graphics, or other website content (collectively, “Content”) is provided by **Sovereign Numismatics LLC** for general informational, educational, and commercial contact purposes only.

1. No Investment Advice

Sovereign Numismatics is a rare-coin dealer. It is **not** a registered investment adviser, broker-dealer, securities issuer, financial planner, tax adviser, accountant, or law firm.

Nothing on the Site or in any Content constitutes:

- investment advice;
- financial planning advice;
- tax advice;
- legal advice;
- accounting advice;
- a recommendation that any particular person buy, sell, hold, or allocate capital to any coin or category of coins;
- an offer to sell, or a solicitation of an offer to buy, any security.

You are solely responsible for evaluating whether any purchase is appropriate for your own circumstances. You should consult your own licensed financial, legal, tax, and other professional advisers before making any significant purchase or investment decision.

2. Rare Coins Are Collectible Assets; Values Fluctuate

Rare coins are collectible tangible assets. They are not insured deposits, bank products, or registered securities merely by virtue of being offered on the Site.

Coin values can rise or fall, sometimes materially. Market value, resale timing, liquidity, premium levels, bid-ask spreads, replacement cost, and collector demand can change at any time and may be affected by:

- precious-metals prices;
- collector sentiment;
- rarity and market availability;
- grading outcomes;
- certified population changes;
- auction results;
- dealer market conditions;
- eye appeal, strike, toning, originality, and other subjective market factors;
- macroeconomic and industry conditions.

Past performance, prior sales, prior auction records, historical appreciation, population scarcity, or prior pricing trends do **not** guarantee future performance or future resale results.

3. No Guarantee of Profit, Appreciation, Liquidity, or Resale

Sovereign Numismatics makes no guarantee or representation that any coin will:

- appreciate in value;
- outperform any other asset class;
- maintain any particular premium;
- be easily resold at any particular time;
- be resold at a profit;
- achieve any specific return, allocation result, or portfolio objective.

Any examples, historical discussions, market commentary, or comparative analysis are illustrative only.

4. Third-Party Grading and Certification

References to PCGS, NGC, CAC, population reports, price guides, Greysheet, auction records, or any other third-party data or standards are provided for general informational purposes only.

Third-party certification reflects the opinion of the applicable certification service at the time of grading. Sovereign Numismatics does not control third-party grading opinions, future regrade outcomes, population changes, market acceptance, or future pricing.

5. Inventory, Pricing, and Availability Disclaimer

All inventory examples, price references, and availability statements are subject to prior sale, market movement, verification, and correction of error. Inventory may change without notice. Displayed or referenced information may become stale, incomplete, or inaccurate due to timing, technical, or market factors.

No Content on the Site creates a binding offer or obligates Sovereign Numismatics to sell any coin at any posted, quoted, referenced, or historical price.

6. Images, Media, and Illustrations

Photographs, renderings, graphics, charts, and illustrations on the Site may not reflect exact scale, color, luster, toning, strike, surface preservation, or actual appearance under varying lighting conditions. Images may be representative, edited for display quality, or shown for general illustration only.

7. No Reliance

You agree that any reliance on Site Content is solely at your own risk. You should independently verify all material facts before making any purchasing decision, including certification details, population data, current market conditions, pricing, liquidity considerations, and the terms of any actual transaction document.

8. Separate Transaction Documents Control

Any actual purchase, shipment, return, refund, money-back guarantee, allocation, layaway, hold, or related transaction will be governed exclusively by the specific invoice, sales confirmation, return-policy language, guarantee terms, and any other written transaction-specific documents issued by Sovereign Numismatics.

If there is any conflict between this Disclaimer and a transaction-specific written document, the transaction-specific written document controls as to that transaction.

9. No Warranties

To the fullest extent permitted by law, all Site Content is provided “as is” and “as available” without warranties of any kind, express or implied, including any warranty as to completeness, accuracy, timeliness, merchantability, fitness for a particular purpose, title, non-infringement, performance, or suitability.

10. Limitation of Responsibility

To the fullest extent permitted by law, Sovereign Numismatics shall not be responsible for losses or damages resulting from:

- reliance on Site Content;
- market fluctuations;
- pricing changes;
- grading changes or disagreements;
- delays, interruptions, or Site errors;
- third-party data inaccuracies;
- your failure to obtain independent professional advice.
