— OUR DIFFERENTIAL

What sets us apart

From traditional trading

1. ORIGIN: INVESTIGATION AND NOT TRADING

- ❑ Major traders rely on volume and speed.
- ❑ Our model prioritizes systematic verification and risk mitigation at every stage.

2. ZERO TOLERANCE FOR FRAUD

- ❑ Commodity markets face sophisticated scams: fake SGS certificates, shell companies with no production capacity, ...
- ❑ Our Integrity Due Diligence expertise detect frauds before it cost millions.

3. EXEMPLARY INTERNATIONAL COMPLIANCE

- ❑ Dual expertise in international trade and business intelligence.
- ❑ Digital onboarding platform
- ❑ Systematic sanctions lists screening
- ❑ Anti-corruption compliance
- ❑ Complete document traceability for each transaction

4. DIRECT ACCESS TO PRODUCERS

- ❑ We eliminate unnecessary intermediaries:
- ❑ No unverified “mandates”
- ❑ No chains of 5-6 intermediaries inflating prices
- ❑ Direct relationship with producers
- ❑ Result: Competitive prices + Full traceability + Maximum responsiveness
