Alcohol 13.5%
Harvest Dates 20th & 21st April 2000
Bottled 24th March 2001

Winemaking

The grapes were cold soaked. 10% were fermented with whole bunches with 3-4 days post maceration on stems following fermentation. 100% went through malolactic fermentation. Predominantly new French Oak with the wine having one year in the barrel.

Tasting Notes

Good colour with ripe plum fruit. Complex flavours probably reflecting the whole bunch fermentation. Some savoury complexities with firm tannins. An elegant Central Otago Pinot Noir.
