Viticulture and Wine Making Our Rosé is made using saignée and cold pressing techniques. Each parcel is individually fermented with wild yeast in old French oak barrels. After fermentation, the barrels are brought together in tank before bottling. A total of 6 different parcels provide the complexity and texture of this fine wine. The 2015 Rosé carries Organic Certification with BioGro NZ.

Tasting Notes A textural weighty palate leads into a lush, "strawberries and cream" finish. An ideal lunch time wine, best served chilled.
