Welcome

Dear Guests

Welcome to Dragsholm Slot – Relais & Châteaux.

We hope you will feel at home within the historic walls and have the opportunity to enjoy the peace, nature and gastronomy that surround the castle.

Take some time to explore the castle, settle into one of our salons, enjoy a meal or experience the landscape around us. We are, of course, always at your disposal should there be anything we can assist you with during your stay.

We hope you have a wonderful stay with us and take home many happy memories.

An Active Life in a Listed Historic Building

Dragsholm Slot is part of Denmark's cultural heritage, and our daily operations are carried out with great respect for the historic surroundings. As Denmark's second-oldest secular building, the castle is a listed historic monument, which places special requirements on maintenance, interior design and development. At the same time, we see this as an opportunity to make history an active part of modern life at the castle.

We want the castle to be used and experienced. Several of the historic salons are therefore open to our guests, whether you wish to enjoy a quiet moment with a book, play a game, have a cup of coffee or simply take in the surroundings.

Gastronomy is a central part of life at Dragsholm Slot. We work with a terroir-based cuisine, using produce from Lammefjorden and the wider Odsherred area as the foundation for our kitchens. In close collaboration with local farmers, growers and producers, we continuously

develop our gastronomy with respect for the seasons and the landscape of which we are a part.

There is also much to experience beyond the castle walls. Odsherred is part of UNESCO Global Geopark and offers a unique landscape shaped by nature, culture and history. The park, forest, Vejrhøj and the many walking routes around the castle invite you to explore the outdoors.

We are proud members of Relais & Châteaux, sharing the ambition to create unique experiences rooted in the history, culture and local character of each place.

Our wish is to preserve the history of the castle while allowing its historic surroundings to provide the setting for a vibrant and contemporary place. We hope you will enjoy your stay and experience some of what makes Dragsholm Slot such a special place.
