

Electrical Fittings & Conduit

Liquid tight fittings & conduit from 3/8" to 2"

Keep your electrical connections safe and secure with Industrial Gold liquid tight fittings and conduit. Built to lock out water, oil, dirt, dust, and fumes, they stand strong against the toughest conditions.

Features

- Liquid tight, non-metallic, fire retardant, corrosion resistant, and UV resistant
- Resists salt water, weak acids, gasoline, alcohol, oil, grease, common solvents, metal shavings, and rough environments
- UL certified
- NEMA 4 rated
- NPT threads
- Flexible non-metallic conduit, straight connections, 90°s, and bushings available
- Easily assemble without having to remove compression nuts
- Smooth interior for easy wire pulling
- Conduit cuts with a utility knife or PVC cutter
- High temperature resistant up to 175°F
- Indoor/outdoor use
- Suitable for direct burial or poured concrete
- Lower install cost
