

240 CFM Enclosed Engine-Driven Rotary Screw Compressor

270 CFM @
100 PSI

240 CFM @
150 PSI

Features

- Heavy-duty single stage rotary screw airend
- Industrial grade drive engine
- Electric start drive engine
- Engine idle control to meet air demand
- High oil temperature shut down
- High air temperature shut down
- JIC quick connect air & oil lines
- Low engine oil shutdown
- Quick service compressor filters
- Vibration mounting pads
- 12 Volt compressor air & oil cooler pack*
- 220 PSI maximum working pressure

Package Options

- Battery for engine electric start
- Cold weather heating package
- Compressed air regulator control pack
- Cover color change
- Drive engine control extension
- High ambient temperature cooling package
- 6 or 12 gallon EPA, DOT rated fuel cells
- 6 or 30 gallon air storage tank

* Cooler pack to be mounted external to compressor system. 12 volt control voltage connection to be supplied by vehicle/equipment compressor is mounted to.

Model	CFM @ 100 PSI	CFM @ 150 PSI	Engine Brand	Auxiliary Fuel Tank Required	LxWxH
