Group Set Menu Options

Tables of 8 or more dine on one of the set menu options below.

When choosing mains and sides, you're selecting the variety of dishes for the table. The mains are designed so each person chooses the dish they're most interested in and shares it with another, rather than every guest trying every main. If your group prefers for everyone to share the same dishes, you're welcome to select fewer main options for a more unified spread. Plenty is provided for everyone to enjoy.

Core Set Menu
