

## SAGE THERMAL MASS FLOW METER FOR GASES

**MAKE THE WISE CHOICE  
CHOOSE SAGE FLOW METERS**

Sage meters are the most energy efficient thermal flow meter preferred by industrial, environmental and commercial customers for various gas flow applications. The high contrast graphical display provides flow rate, temperature, total flow, a bar graph, and diagnostic information. This simple, and unique to Sage Metering procedure, can be performed without interrupting the process and does not require removal of the flow instrument from the pipe or any additional hardware.
