

PRIMEPRO-M[™]

Biological seed treatment improves emergence and yields in corn and other monocots

CONTAINS BENEFICIAL SUBSTANCES

Azotobacter vinelandii.....400,000 CFU/ml
Glomus aggregatum.....400,000 CFU/ml

8.5 lbs per gallon (3.8 kg) at 68° F

- 275 gallons (1041 L) / 2,337.5 lbs (1060.3 kg)
- 2.5 gallons (9.5 L) / 21.25 lbs (9.64 kg)

USAGE RATE

Apply 8 ounces per acre as a seed trench inoculant.

STORAGE INFORMATION

Store product in a temperature-controlled location at or above 45°F and below 150°F. Keep opened bottles closed tightly and in a dry place out of direct sunlight. Expires 2-years from the date of manufacture on label.

CAUTION

Do not blow air into the tank to agitate, as this could destroy microbial populations. Do not use with fungicides except for Phosphite fungicides.

NOTICE TO BUYER

The information contained on this label is believed to be accurate, reliable, and reasonably fit for the purposes stated on the label, and when used under normal use conditions in accordance with the label directions.

DIRECTIONS FOR USE

Shake bottle thoroughly prior to use. Product can be applied with water at time of use. Once mixed, product should be used within 7 - 10 days. When mixing with starter fertilizers for in-furrow applications, if there is a question, perform a jar test.

This product is composed of aerobic and anaerobic microorganisms.

After packaging, transporting, and storing, it is not uncommon for a biofilm to develop. Shake bottle thoroughly or simply screen the material if desired & continue with application.

DISCLAIMER OF LIABILITY & LIMITATION OF REMEDY

This product should be used as a part of a good plant nutrition program and is not intended to replace proper crop management and protocols. Biotech Innovations guarantees this product to the extent of the purchase price, only when used according to the label directions.

Manufactured and Guaranteed by:
Biotech Innovations 1001 Los Rios Blvd. #200 • Plano, TX 75074

WARNING: KEEP OUT OF REACH OF CHILDREN.

Use proper protection while mixing. Contact with skin or eyes, rinse with water. Call a doctor if irritation develops.
